Employee Notice:

Several states have responded to the COVID-19 epidemic by announcing “stay at home” emergency orders for an indefinite period or a specified period of time.

Sunrise Fiberglass, its workers, and suppliers are considered “necessary for the manufacturing of materials and products needed to support the COVID – 19 response. Many of its customers are critical to the transportation, first responder (firetrucks), medical and other critical industries. Sunrise is part of those customers’ critical supply chain”.

As such, Sunrise and its employees are exempt from “Stay At Home” orders like the one in Wisconsin as a business involved in critical manufacturing and infrastructure.

To our Employees:

Sunrise acknowledges that without you, we cannot fulfill customer demands or serve our constituency base.

Note that Sunrise has been designated “Mission Critical,” your continued dedication remains crucial.

We will make every effort to implement added procedures that will assist in better ensuring your health and wellness. The company will very soon be issuing guidance on the new federal paid sick leave and paid family medical leave law changes that will help our company and many other companies’ workers get through this difficult time.

We thank each of you in advance for your cooperation in the battle to end COVID-19.

For more information, please see the Cybersecurity & Infrastructure Security Agency’s (CISA) guidelines: <https://www.cisa.gov/identifying-critical-infrastructure-during-covid-19>
